DR. JAMES WILLIAMS : Pear Sir-It gives me greatpleasure to know that you are again preparing your medicine for the cure of Pysisepsia, for many of my acquaintances have re pentedly asked me where it could be precured know ing that I had been cured by it. As I think that a public acknowledgement of the great benefit I have received from the use of your medicine, is not only due to you, but may be useful to others, I now make it. For several years I suffered from Dyspensia. which increased to such an extent that my health an i-constitution were rapidly sinking under it. I was compelled to restrict myself to the most simple food. and even that I could not digest; I felt a loss strength, disinclination to exercise, and (as you hav it in your advertisement) a general feeling of depression and indescribable weariness. In the year 1838 hearing from others high recommendation of your Anti-Dyspeptic Elixir, I procured and used it with the most happy effect; under its influence languor and weariness gradually passed away, and my appetite revived, which I could gratify with impunity. Ter years have now elapsed, and my confidence in the curative powers of your rulicine has of course in creased, for it completely cored me, when I failed to

obtain relief from any other source.

Very respectfully, yours.
